Mr. James C. Collier.
Meansville, Ga.

Dear Jim;

I am getting up a complete record of all the Collier families. Kindly have the enclosed blank filled in to the very best of your ability and be sure and do it correctly, as I have a history of the Collier Family from 1509 completed up to Vines Collier who was born in Virginia and settled in Oglethorpe Ga. He had about fifteen children that scattered all over the State and I am trying to bring these various families together.

Sincerely,
